WILLIAM RANDOLPH HEARST.

BY SAM WILSON.

Here's to William Randolph Hearst,  
America's foremost man,  
Who'd make an ideal President,  
In this, our glorious land.

America's destiny will be right,  
If kept by Mr. Hearst,  
He'll put a stop to monopoly's power,  
And combine he will burst.

A friend to all the laboring class,  
Gives freely to the poor,  
A leader of the Jackson type,  
We could not ask for more.

He needs no halter, he's a man  
That knows no art or guile,  
He'll wipe the trusts from off the earth,  
In true Jeffersonian style.

Here's to you, Hearst, may victory crown  
Your heart with purest intent,  
On March the 4th you'll take the seat,  
As our model President.

## CAMPTON COURIER.

REDA SEWELL, Editor. Vol. 1, No. 37.

G. W. Robinson went to Cincinnati last week on business.

Mrs. G. W. Halsey has been on the sick list for several days.

J. C. Hurst, of Boxer, has been visiting Campton from Saturday till Tuesday.

C. F. Combs has been on the sick list the past week, but is now able to do business.

Find enclosed check for which extend one year the subscription of THE HERALD and Courier-Journal for Frank Horton. Frank knows a good thing when he sees it.

On Monday last T. M. Beckett brought in his third oil well (all producers) in the Campton Oil Field. After going only eight inches in the sand the oil raised to a depth of 1,000 feet. It is regarded the best producer yet brought in. It is asserted on reliable authority that the Standard Oil Company will commence the erection of a pipe-line to the Campton Oil Fields inside of two weeks. The oil prospectors here are highly pleased with the splendid showing thus far made, and will continue to push development with vim and vigor.

The Ugo-I-Go Dancing Club met in their hall last Saturday evening and had an enjoyable time. The program consisted of music and dancing. The music was rendered on the violin by David Athy. The Ugo-I-Go Dancing Club has a membership of 26 according to the report of C. F. Combs. Following is a list of the gentlemen members: C. F. Combs, W. G. Lockhart, D. S. Howard, H. H. Combs, T. M. Beckett, J. C. Chapin, G. W. Burke, Sam Spencer, E. P. Berney, A. B. Cox, I. R. Hollon, H. E. Oney, Willie Asberry, J. H. Stamper, Jr., and H. H. Stamper, M. D.

Some of the members of the Stag Dancing Hall, of this place, thought the article of last week about the dancing and waltzing event too much of a puff-up and send-off for the "Four Hundred," and feel like they have been snubbed and offended. In view of this fact, we desire to say that we regret that any should become offended when it was meant as a bit of humorous pleasantry on our part. We thought all were charitable enough to distinguish a joke from a double-barrel-shot-gun of insinuations. For the special benefit of the over-sensitive we condescend to strike out from the record the objectionable part—the first-class plays—and assign them only to the part they acted, dancing and waltzing. Some would have felt more like a part of the "Four Hundred" if we had mentioned the event as having been given in celebration of some other occasion. We now cheerfully do so. In the light of recent developments we now infer that the event was given in celebration of the club's victory in securing the hall for dancing and waltzing purposes. The event

was a good news item, and as a newsgatherer we collected some facts of the event and proceeded to write it up in as clever and interesting manner we could to please the club and not offend it. The club is composed entirely of our relatives and personal friends. Now let the hatchet and horsewhip be buried deep beneath the placid waves of friendship and good feeling.

## Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by all druggists.

## Judge Hargis and the Courier-Journal.

The Lexington Democrat of February 16th, says:

"Owing to the fact that the new bill proposing a new judicial district for Breathitt county will be considered by the Senate tomorrow, a strong delegation of Jackson people came up on the Lexington and Eastern last night and will proceed to Frankfort this morning, where they will work among the members of the Senate to secure the passage of the bill."

"The delegation led by County Judge James Hargis and Attorney O. H. Pollard, and both gentlemen are sanguine of success in getting the measure adopted."

"Judge Hargis was asked by the Democrat if he would state the nature of his mission to Frankfort, and in a jocose mood he said:

"Yes. I never have any objection to letting the people know just where I stand. My mission here is to go to Frankfort tomorrow and ask the Legislature to drop everything Breathitt county asks for, abolish the Legislative Assembly, wipe out the office of Governor, and turn the State over to the tender mercies of the Courier-Journal. If we can get this through Breathitt will be sure to get what she wants, for Mr. Bryan has pointed out the way by which the Courier-Journal can be reached and we could then act on Bryan's advice."

### Strength

Comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once.

## WASHINGTON NOTES.

The political complexion of the United States has been changed materially by the death of Senator Hanna. While to the outside world Hanna and Roosevelt were friends, really, the bitter antagonism existed between them. Had Senator Hanna lived there is no doubt that Mr. Roosevelt would have had a hard time in winning out at the Chicago Convention. As things stand now it is a thousand to one that Mr. Roosevelt will be nominated, and in his nomination the Democratic party will find a very easy candidate to beat. A pretty good evidence the way Mr. Roosevelt switches is demonstrated by a dispatch printed on February 1st in the Chicago Record-Herald, a Republican newspaper, signed by Mr. Walter Wellman, a very prejudiced partisan writer for the Roosevelt clique. In this dispatch Mr. Wellman admits with almost charming frankness that the differences between the Roosevelt administration and the Wall Street magnates have been patched up, that several of these magnates have recently been entertained by Mr. Roosevelt at the White House; that they were generally satisfied with the course of affairs so far as the administration is concerned, and that "even the Rockafellers are showing a disposition to fall in line."

Then after saying that Mr. Roosevelt was "a pretty good politician," Mr. Wellman backed up his claim with this interesting statement: "It requires genius of a high order to carry on a little crusade against Wall Street, and through it gain immense popularity with the masses of the people as the foe of the trusts and then to turn round and gain the approval and possibly the help of a considerable share of Wall Street itself."

Mr. Roosevelt having placed himself on record as a sycophant who comes pleading at the door of the money power, we have got to consider the man in the Democratic party who is the direct contrast to the President. That man is William Randolph Hearst. For twenty-one years, ever since he started the San Francisco Exam-

iner and then crossed the continent to maintain papers in the East, he has been a consistent foe of the gambling game in Wall Street. He has opposed the trusts fairly, never employing anarchistic methods, but reducing his opposition to a business basis as a man naturally would who has millions of dollars at stake in the commercial world.

When Mr. Hearst was mentioned fifteen months ago for the candidacy of the Democratic party it was regarded almost as a ridiculous proposition. Now the political sharps recognize him as a most formidable proposition. For instance, a leading southern paper the other day, the Memphis Commercial-Appeal, in an interview with Hon. C. M. Williamson, quoted that gentleman as saying: "I believe Mr. Hearst is the man of the hour. His nomination would unite Democrats throughout the country. As a banker and as one who desires to make the industrial development of the South, I am an earnest supporter of Mr. Hearst. I believe that he is the safest, soundest, and most available leader of the Democratic party. Under his administration the rights of all the people, irrespective of class and condition, would be protected. Mr. Hearst has framed issues that will win in the next election. His candidacy will be a platform in itself."

### A Cure for Eczema.

My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.—Frank Farmer, Bluff City, Ky. In buying Witch Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure Witch Hazel. The name E. C. DeWitt & Co. is on every box. Sold by all druggists.

Columbus Gillaspie had a fall from a wagon Saturday last which jarred him up considerably and came near proving serious. He was standing in the hind end of a two-horse wagon when the mules started and he fell out backward, since which he has not been feeling himself.

The protracted meeting now in progress at the Johnson Schoolhouse, on Lacy creek, is said to be one of the most interesting ever held in this section from the point of "experience expressed," and the "experience of some converts" is the most remarkable ever recorded. They say it is worth a night's ride to hear some of them tell how they became converted.

# WORLD'S FAIR NEARLY READY

**Plans For Installing Exhibits Complete, and Work Is Being Rapidly Pushed—Transportation Companies Have Solved the Problem of Carrying For Increased Freight Traffic.**

With the opening days of 1904 work on the Louisiana Purchase Exposition passed into the last stage, that of installation of exhibits and beautifying.

Yet progress on these final touches has kept pace with the work of construction for a major portion of the last twelve months, so that the line of demarcation between actual building operations and final endeavor is difficult to indicate. Thus, even while roofers were employed on the Palace of Machinery, the great steel crane, itself an exhibit, was swinging parts of engines that might well be called mammoth into position, so that the dawn of 1904

In order that no delay might be caused by severity of the weather the Exposition management looked especially to the construction of the roadbeds during the late fall of 1903, and now there is no danger that heavy drays will be stalled in soft, muddy places, but all can proceed on a smooth, hard surface to the place of destination.

Acting in accord with the general spirit of facilitating rapid installation, the Terminal Railroad Association, which controls all shipments of freight delivered by roads from the east, has doubled its capacity for handling freight in both the St. Louis and East St. Louis yards, and it is now believed that during the busiest weeks, which will undoubtedly be those of March and April, there will be no congestion across the two big bridges that span the Mississippi. Should there be, however, resort can be had to the ferry service, which also has been increased in order to care for any emergency.

Shippers all agree that freight is arriving in St. Louis better today than ever before and this notwithstanding the fact that the terminal facilities are not quite completed and that a number of tracks cannot be operated because of laborers being engaged in their reconstruction. A recent test proved that a consignment of freight from Boston was delivered in a building on the Fair grounds seven days after its shipment from a warehouse in that eastern city, and all persons who have any knowledge of such matters must admit that this is very fair time.

As for the western roads, they all have spurs leading direct to the Exposition, and in many instances cars can be switched direct into the grounds without even a day's detention in the yards.

Those who have the work of delivering exhibits in charge say that they can keep pace with the men who do the installing, and that, unless the unforeseen occurs, there should be no delay in filling the palaces with the wares that will comprise the wonderful display.

The situation is very satisfactory to all concerned, and the general belief is that St. Louis will not only have the greatest Exposition ever held, but will also give to the world the only Fair to be ready on time.

As for the beautifying of the Exposition, it is only a question of putting the men at work. Every plan has been made; all the preliminaries are completed. The landscape gardeners have laid out the grounds to meet the approval of the most exacting critic, and it needs only the warm rains of spring to coax into bloom the seeds, bulbs and plants that within a week can be placed in the soil. In like manner the color scheme for the palaces has been definitely arranged, so that painters have but to follow instructions, and almost within a fortnight the beautiful buildings will shine resplendent in the holiday coats that they will wear for seven months, beginning April 30.

Long ago electric wire cables were laid throughout the site, and now it is but a matter of attaching the hundreds of thousands of globes which will illuminate both the water and the air so that at night the World's Fair City shall shine even more resplendent than during the day.

Quite an enjoyable event came off on Sunday, the 14th, at the new home of John Goad. Among those present were Misses Lily and Nannie Goad, Mattie Carpenter, Lillie Ward, and Clemie Murphy; and Messrs. Bascom Robinson, Floyd Haney, and Leonard Ward. The day was spent merrily by all present, and all went home happy.

Jim Roe Mannin, of Menefee county, accidentally shot and killed himself at Middletown, Ohio, while packing his trunk to go to Illinois, by dropping his pistol to the floor. He lived fifty-three minutes before he died, saving his companion from being accused of the crime. His remains were taken to his father's home in Menefee county for burial.

## Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Clifford Center, of the Calaboose, was on Tuesday evening thought to be dying, and Dr. Center was telephoned to come at once if he expected to see him alive. He has consumption in its worst form.

## Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

**FOR SHERIFF.**  
**DAY.**—We are authorized to announce ROBT. A. DAY as a candidate for Sheriff of Wolfe County, subject to the action of the Democratic party.

ROBERT A. DAY, Candidate for Sheriff of Wolfe County.

During a quarrel, which took place at Beattyville Junction, in Lee county, on the Lexington and Eastern Railroad, last Saturday, James Shelton shot and instantly killed Ed Eaton and immediately fled to the mountains, where he is now hiding. The quarrel started in the smoking car. When they alighted a fight took place and both drew pistols. Shelton was the quicker, and killed Eaton before the latter could get a chance to shoot. A posse went after Shelton.

### An Early Riser.

A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by all druggists.

The ice cream supper at the Christian Church on the evening of Monday, February 22d, Washington's Birthday, netted about \$20, and the proceeds were to buy song books for the Sunday School. Quite a crowd was present and enjoyed the event.

### Public Sale of Town Lots.

On Saturday, March 5th, 1903, I will sell at public outcry six or eight building lots in Hazel Green, and maybe at the same time offer a house and lot. Sale at 10 a. m. Terms made known on day of sale.

JOHN M. ROSE, J. H. PIERATT, Auctioneer.

Kelly McClure lost a horse on the night of February 18th from the barn of Joe Stamper, and, not hearing of him, he had bills printed at this office Monday afternoon. Tuesday morning he phoned us from Goodwin's Chapel not to print the bills, as the horse had been found at West Liberty. But he was just 12 hours late, as the bills were printed.

### Is the Laborer Worthy His Hire.

TO THE Democrats of this Senatorial District, greeting: I am a candidate for the office of Senator from this district, subject to the action of the Democratic party, and ask all Democrats to weigh well my claims. For nearly 20 years I have been a citizen and a voter at Hazel Green, and by reason of my position I believe I can safely say I have done as much, if not more, for the success of the party than any man. In the time I have never scratched a ticket and all in all I feel that I am not asking above my dues. Then, having become a mountain man, I have on all occasions taken pride in silencing slanders about mountain people, and in this I know I deserve the gratitude of a much-maligned people. Hoping you appreciate my past services sufficient to merit your continued confidence, and praying your support, I remain, Truly yours, SPENCER COOPER, Identified with every interest to aid the mountain people.

## State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

## FEMALE WEAKNESS

543 1-2 Congress St.  
PORTLAND, MAINE, Oct. 17, 1902.  
I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Wilhelmina S. S. S.  
Treasurer, Portland Economic League

Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui now. Remember that headaches mean female weakness. Secure a \$1.00 bottle of Wine of Cardui today.

## WINE of GARDUI

### Code of Practice Adopted by the Physicians of Hazel Green, and Now in Full Force and Effect.

We, the undersigned physicians, have entered into an agreement to regulate the prices of the practice of medicine. From this time on those who procure our services will have to pay the following prices: For trips in town and call trips from the road, \$1.00; for traveling expenses, 50c. per mile, and for prescriptions at office in acute troubles, 50c., and in chronic diseases at a reasonable price. For obstetrics, \$5.00 for the town and a distance of three miles into the country, and 50c. extra for each mile over, and for remaining with patient, \$5.00 for each 24 hours. For simple speculum examinations, \$1.00 extra to the trip, and for a curettment complete, \$15.00.

We don't mean simply to charge these prices, but we mean to have them or not do so much riding, and if you don't mean to pay us in a reasonable length of time after securing our services, you need not come after us.

We have lived here and practiced for this community long enough to know who will and who will not pay, and if you haven't been in the habit of paying us and can't get either of us to wait on your sick ones, you need not be at all surprised. There is reason in all things. We can't buy your stuff or secure your labor without an agreement at the time as to what you are to get, and if the kind of pay we have doesn't suit you, you will simply refuse to let us have your produce. But if your folks are sick and your arrangements do not suit us, and we do not treat the case, you would never forgive us.

Stop, neighbor, and think. We can't live on air or promises alone; it takes money to buy drugs. Neither are we practicing for our health; so that men who have been indebted to us so long must come in at once and settle their accounts and save trouble.

You all well know that every doctor who has lived here in the past has left in a worse condition financially than when he came. We do not mean this as an insult to those who pay in a reasonable length of time, but to those who are securing our services and then never trying to pay.

We want it farther understood that neither of us will take charge of a patient that is under treatment by another doctor unless by his consent or in extreme emergency, and then no longer than the doctor in attendance can be secured, unless by agreement of doctor and friends to continue him in the case. Then we will consult together. Neither will we take up cases where other doctors have gone as long as they will without pay, and you come to secure our services as a last resort.

We are ready to answer calls at any time, day or night, to all our good customers, and thanking them for past favors, and in advance for future ones.

We remain, yours sincerely,  
A. C. NICKELL, M. D.  
F. C. BAKER, M. D.
